OUR ALUMNI SAID...

HELLOAI ADVANCED RIS

“Joining to the HelloAI RIS Online program has meant for me ‘a knowledge accelerator’ for quickly develop capabilities and skills of AI in healthcare.

HelloAI strategy has succeeded to scale up my preparation rapidly and easily, inspiring my actual research activity, merit of talented HelloAI organizers, speakers and teachers, which have approached me towards to an innovative perspective of AI-based healthcare.”

Xena,
PhD student in Biotechnologies,
Cellular and Molecular biologist

HELLOAI PROFESSIONAL RIS

“HelloAI Professional is a very-well organized online education programme. It has extremely rich and diverse content and truly inspiring speakers from all over the world.

The programme is a must-have for any healthcare professional of today’s digital environment and AI enthusiasts that will be involved in health-tech.

IT provides a concise, yet comprehensive overview of all you need to start AI projects or to decide what to test and implement, and a few more to be involved in such efforts with more confidence.”

Hakki - Prof. MD, MBA
Director of Radiological Services
